ZERUST®/EXCOR® Z-CIS® Methodology

Do you want to...

- Eliminate corrosion concerns?
- Achieve rust-free shipment yields of up to 100%?
- Reduce money lost to corrosion by at least 10%?

We'll show you how with the Z-CIS® System!

The ZERUST® Corrosion Inhibiting System (Z-CIS®) is the proven methodology for deploying the complex corrosion management systems necessary to ensure the protection of metal products shipments as they are handled by multiple (internal and external) stakeholders in transit around the world. ZERUST®/EXCOR® Z-CIS® is proven to meet both the rust-free and contaminant-free requirements of various OEMs sourcing from a global supply base. After implementing a Z-CIS® System, our clients generally realize total cost savings of at least 10% and rust-free shipment yields as high as 100%. Consult a ZERUST®/EXCOR® representative today to solve corrosion issues in your supply chain.

Z-CIS® Five Phase Approach

PHASE 01 — IDENTIFYING STAKEHOLDERS

All entities involved in your supply chain (internal and external) affected directly or indirectly by corrosion concerns are identified as stakeholders and contacted by a ZERUST®/EXCOR® representative.

Each entity completes a Z-CIS® Questionnaire either independently or a phone interview, so the ZERUST® Corrosion Engineering Team can properly understand all potential root causes of corrosion at the start of the project.

PHASE 02 — PLANNING

The ZERUST® Team reviews the project scope, corrosion control system performance requirements, and critical issues with all stakeholders.

The Z-CIS® Deployment Proposal is distributed. This document outlines the work that the ZERUST® Team would need to perform, the cost associated with the project, our initial recommendations, and any additional items/information required from the stakeholders.

Key stakeholders review and sign off on the Z-CIS® deployment proposal authorizing the ZERUST® team to start work.

PHASE 03 — DEPLOYMENT RECOMMENDATIONS

The ZERUST® Team, with customer support, collects product samples from the manufacturing site, draws samples of all processing fluids, and wash chemistry from the production line. ZERUST® evaluates the climatic stress impact of the shipping route, updates process FMEA documents, and reviews process control plans, etc.

Products and fluid samples are tested in one of our regional laboratories located around the world for corrosion management system compatibility.

The results of this study helps determine an effective corrosion protection system (several recommendations may be generated).

PHASE 04 — DEPLOYMENT

A review is required with all stakeholders to decide on the corrosion protection system to be deployed.

The ZERUST® Team works with the organizations directly involved in the process change (if any) to deploy the recommended solution. The corrosion protection system is executed in a viable time frame. All results and data are kept confidential and relayed to one customer contact for dissemination.

Trial shipments are made and monitored to ensure that the new Z-CIS® System is working properly.

PHASE 05 — CONTINUOUS IMPROVEMENT

Regular audits against the Z-CIS® Deployment Recommendations document are conducted to ensure that the process remains in control and improvements are implemented.

ZERUST® Cleaners & Degreasers

AxxaWash™ Metal Cleaners & Degreasers

	Part Number	Product	Type	Sizes
NEW	350-W-00004	AxxaWash™ KF-121	Concentrate	5*, 55 gal*
NEW	350-W-00089	AxxaWash™ KF-122	Concentrate	5*, 55 gal*
NEW	350-W-00003	AxxaWash™ KF-123	Concentrate	5*, 55 gal*
NEW	350-W-00050	AxxaWash™ KF-124	Concentrate	5*, 55 gal*
NEW	350-W-00088	AxxaWash™ KMS-220	Concentrate	5*, 55 gal*
NEW	350-W-00091	AxxaWash™ KMS-305AL	Concentrate	5*, 55 gal*
NEW	350-W-00090	AxxaWash™ KMS-310AL	Concentrate	5*, 55 gal*
	350-W-00001	AxxaWash™ NW-10C	Concentrate	5, 55 gal
NEW	350-W-00002	AxxaWash™ NW-12C	Concentrate	5*, 55 gal*

* Call for availability.

NEW! AxxaWash™ Cleaners & Degreasers

In addition to ZERUST® VCI film, paper, diffusers, rust preventative coatings, and inhibitor products, ZERUST® is now offering an increasing range of cost-effective, high-performance AxxaWash™ metal cleaners and degreasers. These products are formulated to work synergistically together to provide enhanced, comprehensive corrosion solutions for our customers. Backed by our global expert technical support and testing services, a comprehensive corrosion management program can be designed and deployed to meet each individual customer's needs.

- Application-specific products
- Overall cost reduction
- Reduction of corrosion issues associated with handling, packaging, and storage of precision machined, bare metal components
- Enhanced fluid maintenance and control procedures for extending the use life of wash fluids and rust preventative products
- Customer and product-specific operating guides
- ZERUST® assured corrosion-free results from effectively cleaned and dried parts

- **Hundreds of products in stock**
- **Orders placed by 10:00 AM CST are shipped same business day**
- **No minimum orders**
- **Blanket orders available**
- **Let us store products for you!**
- **Custom orders available**

ZERUST® Rust Removers

AxxaClean™ Rust Removers

Part Number	Product	Type	Sizes
350-M-00014	AxxaClean™ 2048	Spray-On	16 oz*, 1*, 5*, 55 gal*
350-M-00015	AxxaClean™ 2048	Immersion	16 oz, 1, 5, 55 gal
350-M-00016	AxxaClean™ 2048	Brush-On	16 oz*, 1*, 5, 55 gal*
NEW 350-M-00095	AxxaClean™ ICT® 625-RR	Immersion	5, 55 gal

* Call for availability.
Products sold in 1 gal come in case of 4.
Products sold in 16 oz come in a case of 12.

ZERUST® RP Coatings & Additives

Rust Preventative Coatings and Additives

ZERUST® Axxatec™ Water-Based Liquids

Part Number	Product	Type	Sizes
350-M-00005	Axxatec™ 8110C	Multimetal additive	5*, 55 gal
350-F-00005	Axxatec™ 80C	Ferrous concentrate	5, 55 gal
NEW 350-F-00054	Axxatec™ DA-23C	Ferrous concentrate	5, 55 gal
NEW 350-M-00104	Axxatec™ DA-24C	Multimetal concentrate	5, 55 gal*
NEW 350-M-00096	Axxatec™ DA-40AL	Multimetal concentrate	5*, 55 gal
NEW 350-F-00052	Axxatec™ 30C	Ferrous concentrate	5, 55 gal
NEW 350-M-00097	Axxatec™ 48C	Multimetal concentrate	5*, 55 gal
350-F-00009	Axxatec™ 85-F	Ferrous ready to use w/VCI	5*, 55 gal*
350-M-00029	Axxatec™ 87-M	Multimetal ready to use w/VCI	5*, 55 gal*
NEW 350-M-00105	Axxatec™ HST-M100	Multimetal-Hydrostatic additive	5, 55 gal*

ZERUST® Axxanol™ Multimetal Grease-Based Liquids

Part Number	Product	Type	Sizes
350-M-00023	Axxanol™ Spray-G	Aerosol spray grease	12 oz (12 cans/case)
350-M-00023	Axxanol™ Spray-G	Sprayable grease	5, 55 gal
360-M-00002	Axxanol™ Z-Maxx LV	Thin grease	5*, 55 gal
360-M-00001	Axxanol™ Z-Maxx	Thick grease	5, 55 gal

ZERUST® Axxanol™ Multimetal Solvent-Based Liquids

Part Number	Product	Type	Sizes
350-M-00010	Axxanol™ 33CD	Dry-to-touch oil	5, 55 gal
350-M-00076	Axxanol™ 33CD-HF	High-flash dry-to-touch oil	5, 55 gal
350-M-00012	Axxanol™ 34CD	Very thin oil	5, 55 gal
NEW 350-M-00082	Axxanol™ A35CD-32	Near dry-to-touch oil	5*, 55* gal
NEW 350-M-00091	Axxanol™ A35CD-7	Dry-to-touch oil	5, 55* gal
NEW 350-M-00092	Axxanol™ 718-ESS	Electrical spray	16 oz* (12 bottles/case)
NEW 350-M-00092	Axxanol™ 718-ESS	Aerosol electrical spray	12 oz (12 cans/case)

ZERUST® Axxanol™ Multimetal Oil-Based Liquids

Part Number	Product	Type	Sizes
350-M-00003	Axxanol™ 33	Thin oil	5, 55 gal
350-M-00019	Axxanol™ 750	VCI oil	5, 55 gal
350-M-00033	Axxanol™ 750-NV	Clear thin oil	5*, 55 gal*
NEW 350-M-00107	Axxanol™ 758	Non-Staining VCI oil	5, 55 gal*
NEW 350-M-00119	Axxanol™ 758-NV	Non-Staining oil	5, 55 gal*
350-M-00011	Axxanol™ 46-BIO	Bio-based oil	1, 5, 55 gal*
NEW 350-M-00098	Axxanol™ A35-30	Non-staining oil	5*, 55 gal

ZERUST® Axxanol™ VCI Oil Additives

Part Number	Product	Type	Sizes
NEW 350-M-00045	Axxanol™ 710C	Oil additive w/ contact inhibitor	5*, 55 gal*
NEW 350-M-00048	Axxanol™ 707C	Oil additive	1*, 5*, 55 gal*

ZERUST® AxxaCoat™ Multimetal Solvent-Based Outdoor Coating

Part Number	Product	Type	Sizes
NEW 350-M-00077	AxxaCoat™ 90B HFS	Sprayable high-flash	5*, 55 gal

ZERUST® AxxaVis™ Water-Soluble Powder Additives

Part Number	Product	Type	Sizes
460-M-00002	AxxaVis™ HST-10	Hydrostatic test additive	25, 800 lbs
460-F-00005	AxxaVis™ PX-05-AN	Acid neutralizer	25 lbs
460-M-00001	AxxaVis™ PX-10-HRD	Hard water conditioner	25 lbs*

* Call for availability.
Product sold in 1 gal come in case of 4. (Excludes Axxanol™ 707C)
Greases equivalent to 35 lb pail or 400 lb drum.

ZERUST® ICT® Flange and Valve Covers

ZERUST® ICT® Flange Saver®– 150 PSI, Clear, Transparent

Part Number	Pipe Size	Units/Case
880-F-00001	2"	20
880-F-00003	4"	20

Other sizes available upon request.

Accessories, Tools and Kits

	Part Number	Description	Units/Case
	350-X-00003	Rust Remover Polishing Sponge	2 pack
NEW	250-X-00007	Gray preservation tape 9 mil 4" x 108'	12 rolls
NEW	250-X-00008	Gray preservation tape 9 mil 6" x 108'	8 rolls
NEW	350-M-00014	AxxaClean™ 2048 Kit 16 oz bottles (w/2 sponges)	12 bottles
NEW	250-F-00105	ZIF VCI Silicone Tape 2" x 36'	1 roll

NEW	775-X-00030	ZDC-T-160 (16 Unit)	150/Drum	191 lbs/Drum

ZERUST® Safety & Quality

ZERUST® is committed to making safe and effective products that reduce industry's impact on the environment. Our products are approved by many major companies' toxicology, engineering, and packaging departments and comply with health and safety regulations around the globe.

For over 50 years, beginning with the invention of VCI film packaging, ZERUST®/EXCOR® has led the market in quality corrosion solution products. We are dedicated to providing expert corrosion management services and broadening the range of corrosion solutions for our customers. ZERUST® users have access to on-site support from ZERUST®/EXCOR® representatives in more than 70 countries. Our customers have peace of mind when they choose ZERUST® for corrosion control management.

ZERUST® is a product of Northern Technologies International Corporation (NTIC). A majority of ZERUST® products are proudly manufactured in the USA. NTIC's management system conforms to the ISO 9001:2015 Quality Management Standard.

‡ DECLARATION
Corrosion protection claims are based on Northern Technologies International Corporation (NTIC) internal laboratory testing performed under controlled parameters on contaminate-free substrates. Real-world application corrosion protection duration on different substrates will vary and depends on factors such as, but not limited to, the application or use, environmental / storage conditions, surface cleanliness, type of substrates, and coating thickness (where applicable). The use of the term "Up to" in reference to time is defined as any time duration from zero up to a specified time frame, but in no event beyond the specified time frame. The use of the term "for years" is based on NTIC's experience with its products but is in no way guaranteed. The use of the term "Up to" in reference to volume is defined as any volume from zero up to a specified volume but in no event beyond the specified volume of protection. It is the customer's / user's obligation to evaluate product performance, corrosion protection duration, safety, and suitability for intended use within the scope advised in the data sheet and to comply with all applicable laws and regulations. **LIMITED WARRANTY/DISCLAIMER** Warranty is limited to the replacement of a product that fails to meet specifications. For full warranty and disclaimer information, visit www.zerust.com/warranty.
